

Infinity Urn Vault by Terrybear

Using the Infinity Urn Vault couldn't be easier. After digging an 18" hole with an auger, the grave site is ready for the vault. That's it. No extra digging. No squaring off a round hole to fit a square urn vault.

- **Holds a full-size urn.**
- **Made of engineered plastic to be as strong as concrete at a fraction of the weight — maintaining the integrity of the ground around it.**
- **Made in the USA.**
- **Weighing 15 lbs., with the urn in it, allows anyone to carry it easily.**
