# Digital Closure

Offer this  
State of the Art,  
Cutting Edge Service  
to Your Families!

According to ID Analytics, a subsidiary of LifeLock, 2.5 million deceased Americans are victims of identity theft every year.

*Did you know that in the United States most federal privacy protections do not continue post-mortem?*

## Why Digital Closure?

Our online presence is part of the fabric of everyday life and the primary way we stay present in the lives of our family, friends, acquaintances, and business associates. Unknowingly, when our digital presence continues after death, a high risk of identity theft also continues.

Digital Closure assists in closing more than **300 online accounts**. We also provide **over 400 pages of estate assistance**, including **4 checklists and 18 worksheets** for guidance through the estate management and closure process.

## Estate Management

Worksheets are downloadable, allowing total control of all personal information.

Each worksheet is tailored for a specific phase of the process and might not be necessary in your particular situation.

### Checklist 1 - Where to Begin?

*Decision making from death through final arrangements, How to write an Obituary, Veterans Benefits and much more!*

### Checklist 2 - Estate Financial Protection

*Four crucial steps that must be taken as soon as possible to protect the estate!*

### Checklist 3 - Estate Administration

*Suggested tasks from final arrangements through closing the estate.*

### Checklist 4 - Surviving Spouse and Dependents

*Addresses Joint Accounts, Life and Health Insurance, Government Agencies and issues unique to Surviving Spouses and Dependents.*

*Provide Peace of Mind to Your Families with Digital Closure*
